

Conversation with Council Progress Report as of May 19th, 2023

Meeting Date: May 11th, 2023

Action Item	Status
Can we put a trash can at the bus stop located at the Corner of Calhoun and 133 at the Church of God? A roll cart has been placed at this stop and a more permanent receptacle has been ordered.	In Progress
Can people that generate very small amounts of trash request smaller roll carts? The City does have a smaller sized roll cart that can be made available upon request. They do not hook up to the tipping mechanism on our trucks so we reserve these for customers that have difficulty using and moving the larger roll carts.	Procedure in Place
There appears to be a sinking spot in the road near the Calhoun/Hwy 133 bus stop related to a utility line that has settled. There is a pot hole in the same area. A work order has been placed to make these repairs.	In Progress
Do we instruct riders how to get on and off a CATbus? Drivers instruct passengers to go behind the bus when exiting and to never cross the road to get on a bus	Procedure in Place
How many hotels in town limit who can rent a room to people that live 30 miles or more from Clemson? Or have any similar type of restriction? Several hotels within the City do not rent to anyone who lives within 50 miles or less, and a few others do not rent to anyone who lives within 30 miles or less. In most of these cases, exceptions may be made at the owner's discretion for local emergencies (power outages, damage to houses, natural disasters, etc.) These restrictions exist in an effort to prevent destructive or irresponsible behavior that may be disruptive to the City.	Complete
What is the process to request speed humps? Click here to view the full process.	Procedure in Place
